

GRIPMASTER GN231

Product Data Sheet

Product Briefs

GN231 is the upgrade version of GN230. The 15G nylon+Spandex liner will ensure the gloves to be perfectly fit and flexible. The micro foam nitrile palm coating will also be flexible and breathable at the same time and keeps your hands all day cool. This should be your first choice if you are handling with some light duty works, such as garage tidying up, gardening, mechanical assembly, or any other light duty general purpose works which requests fit, flexible and confirmable.
