

BASICS GN102F

Product Data Sheet

Product Briefs

GN102F is a regular type of fully dipped nitrile work gloves for general purpose works which requests some water-proof features. Profiting from the anti-abrasion features of nitrile rubber, you can get better durability than normal light duty latex gloves. The fully coated nitrile could be some kind of water-proof. Knit wrist helps prevent dirt and debris from entering the glove. Very good choice for general purpose works which requests good anti-abrasion and water-proof features.

EN TEST RESULTS

EN388:2016	4121X
