

# BASICS GN023

## Product Data Sheet

### Product Briefs

As a basic type of heavy duty safety working gloves, GN023 provides sufficient protection for your hand safety. Getting benefit from the good abrasion resistant features of nitrile rubber, they can be durable even in very tough conditions. The cotton jersey liner provides enough comforts and can keeps your hands being dry the whole day. The safety cuff enable your hands to escape from the gloves very easily and quickly when some unexpected accidents happens. Perfect choice for some heavy duty jobs such as construction or some movings of building materials.
