

GRIPMASTER GL230

Product Data Sheet

Product Briefs

GL230 is brand new type of work gloves also very practical. First coating is orange latex fully dipped smooth finish enable the gloves to have features of waterproof. Second coating is black latex palm dipped with new finish type of foam micro-crinkle enable the gloves to have very good performance of grips. This new finish type is 95% similar to the sandy finish both in appearance also in performance. So it can perfectly fit in the jobs which request water proof and grip features at the same time or any other light duty jobs request grip and flexibility.
