

CUT N FLEX

GN332D

Product Data Sheet

Product Briefs

GN332D nitrile palm coating offers great abrasion resistance, grip, and dexterity so you can handle tools, machinery, and hazardous tasks with ease. Made with 18gauge ultra cut-resistant, high performance CutMaster™ fabrics, these gloves will ensure superior blade cut and abrasion resistance without compromising comfort and dexterity. Palm sandy nitrile coating for a superior grip in wet, dry, and light oily applications. The enhanced grip and flexibility provided the nitrile coating, and the superior protection from the HPPE fiber give this ideal combination of comfort, functionality, and protection.
