

DUROMAX GL290

Product Data Sheet

Product Briefs

GL290 is a new type of TPE work gloves, the 13g liner could perfectly fit your hands and also be flexible. TPE model injection has good wear resistance. Environment protecting, non-toxic and odorless, good grip ability. Perfect for fishing work, machine repair, yard work, aquarium, chemical processing, laboratory and more. Compared to the normal latex palm dipped work gloves, the durability should be double time than that.
