

COLORFLX

GN115

Product Data Sheet

Product Briefs

GN115 is one type of the nitrile gloves with transparent nitrile palm dipped on colorful 13g knitted polyester liners. Profitting from the transparent nitrile, the gloves can be colorful even on the palm part. We have a wild collection of colored printed gloves shells available so this type is doomed to become a whole colorful range of gloves. Smooth finished nitrile is washable and the dirt can be flushed away under the taps easily so they are perfect choices for gardening works, or light duty works that requests flexible features.
