

# BASICS GN200

## Product Data Sheet

### Product Briefs

GN200 is a regular type of work gloves for general purpose works. Profiting from the anti-abrasion features of nitrile rubber, you can get better durability than normal light duty latex gloves. The gloves have breathable polyester fabric on the back to keep your hands cool and dry. They can fit your hands perfectly so you can even handling with small parts flexibly. Knit wrist helps prevent dirt and debris from entering the glove. Very good choice for general purpose works, such as parts assembly, transportation general maintenance and gardening.

### EN TEST RESULTS
