

CUTMASTER GN219D

Product Data Sheet

Product Briefs

GN219D provides excellent protection against abrasion, cuts, tear and puncture. The CutMaster anti-cut liner level A4/D offers great anti-cut performance. Together with the abrasion proof features of nitrile rubber, it can be used in most of the heavy duty works. The new U2 knitting methods provides better dexterity also colorful surface of the liner which should be different with the normal grey color anti-cut liners. This will be the best choice if you are dealing with metals, glass or any objects that has sharp edges.
