

GRIPMASTER GN170

Product Data Sheet

Product Briefs

GN170 is a type of very popular gloves with ribbed 13g polyester liners. Benefiting from the good anti-abrasion performance of nitrile rubber, GN170 can provide you support for works which request durability. The ribbed glove shell enables the gloves have very good anti-slip features at the same time it could be flexible. The 13G polyester liner can fit your hands with comforts and the breathable back keeps your hands cool and dry. Smooth finish nitrile is easy to wash and the dirt could be flushed away easily under the tap. Perfect choice for multitask jobs which are light duty.
